

भारत का राजदूत, बर्न
AMBASSADOR OF INDIA
BERNE

August 21, 2014

Message

I am glad to know that the Association of Friends of India, Basel, Switzerland is celebrating the Annual Independence Day of India. As part of the celebrations, various events, including a picnic, are being organized by the Association. Having attended some of the functions organized by the Association, I am very heartened to notice that the members of the Association nurture strong bonds with their motherland, despite being in a foreign land for many years. By contributing to the economic growth of Switzerland through their skills, they have significantly improved the image of India in this country. The Embassy of India in Berne is always happy to be associated with the activities of the Association. I convey my best wishes to the Association and its members on the occasion of India's Independence Day.

Yours sincerely,

(M.K. Lokesh)

Ambassador of India to the Swiss Confederation
